

As Result of Being Thrown From a Horse.

Miss Alice Lander, of this city, who is teaching in the normal school at Richmond, was thrown from a horse while riding Friday afternoon and her leg was broken just below the knee. Both bones were fractured and the injury is a serious one. She is not dangerously hurt and at last accounts was resting easy, at the Pattie A. Clay Infirmary. Her mother, Mrs. Pauline Lander, and her sisters, Mrs. C. H. Dietrich and Miss Marion Lander, were apprised of the accident.

For Sore Throat.

The old-fashioned remedy of applying a cold compress is one of the best that can be used for sore throat. To make it, a bandage, such as a folded handkerchief, is wet in cold water and wrung—not very dry. It is then bound around the throat and over it entirely to cover the wet cloth a flannel is securely pinned to keep it in place. No part should be left exposed or the air, striking the skin through it, will make the cold worse.

Knowledge.

Knowledge is like a current coin. A man is partly justified in feeling proud to possess it, if he himself worked on the gold and tried to coin it, or, at least, if he honestly obtained it as already tried and tested. But when he did not do anything, but simply received it from some passer-by who had thrown it at his face, what ground has he then to be proud of it?—John Ruskin.

For Two Years He Was Center of Big Demonstration.

Gibraltar, April 2.—Col. Roosevelt arrived here at 10 o'clock, and for two hours he was the center of an enthusiastic demonstration. At Roosevelt's request the reception was unofficial. Mr. Roosevelt will not visit the Messina ruins after all. Owing to the limited time he will be unable to do so.

To Read Thermometer.

To reduce the reading of a Centigrade scale thermometer to Fahrenheit, subtract ten degrees from the given temperature, from this remainder subtract one-tenth of itself, double the result and add 50 degrees to the answer. To reduce a Fahrenheit reading to Centigrade, subtract 50 degrees from the given temperature, divide the remainder by two, multiply this quotient by ten, divide the product by nine, and add ten degrees to the last quotient.

Ammonia for Heart.

Spirits of ammonia is undoubtedly of great value in cases of heart or nerve exhaustion, and a few drops in a glassful of cold vichy water is a great tonic. It is not one that should be taken without the advice of a physician, however, for it is capable of injuring the heart.

Fine Recommendation.

That Massachusetts man who says he hasn't drunk a drop of water for many years and whose only beverage is milk must have an honest milkman.

LOUIS JAMES In the Celebrated Norwegian Play, "Peer Gynt," in Nashville.

No event in the dramatic year approaches the interest and importance attached to the coming to the Vendome Theatre, Nashville, Monday and Tuesday Night with a special Matinee Tuesday, April 19-20 (Spring Festival Week) of Louis James in "Peer Gynt," the most discussed play in many years.

When Richard Mansfield first produced this comedy of life, a wave of disputation swept the country as to whether the theme carried some hidden meaning, if the characters impersonated were symbolic or real, and if the play was really worthy of the player. The answer is now well known, for not only did Mr. Mansfield achieve the crowning triumph of his career, but established the works of Ibsen upon a more solid foundation than had heretofore been his fortune.

When Mr. Mansfield answered to nature's last call, his trustees in looking over the possible claimants for this coveted prize chose Louis James as the player most endowed with the necessary requirements, physically, histrionically, and temperamentally to continue the great work, with the result that Mr. James is duplicating the success made by this illustrious predecessor.

Mr. James presents the entire original Richard Mansfield production intact, embellished with all the Grieg music, scenic grandeur, battles, chorus, etc., and the largest and best selected company that he has ever had the honor of offering here. Aphie James is his leading lady and is an actress of charming personality and histrionic attainments.

"Peer Gynt" is the story of a life threatened with ruin by selfishness, saved by love. Peer is a Norwegian youth with a fantastic imagination and singular bravado, who has dreams of no less a destiny for himself than a kaiserdom. His imagination has a Midas-gift which makes a success of all he attempts. At first he only ventures the spinning of harmless lies about his own adventures, which he embroiders out of the lore of the mountains, as a jest with his mother and to enjoy the wonder and applause of the peasants. Women are no less susceptible to the influences of his cleverness. But when his mother dies he seizes his emancipation to go on his world conquest. Every material success is his; he becomes a plutocrat and a power; sycophants gather as his riches multiply, but he finds no sincerity in these false friends and no permanent happiness in his sordid wealth. They all dissolve and maturity is upon him without any consolation of rectitude. He returns to the mountains of the north and finds there the woman Solveig who years before offered him the priceless love of a pure heart. She has been faithful to her love for him her whole life long, and in her heart he finds his true haven and heaven. "Here was my Kaiserdom."

The story of "Peer Gynt" is embroidered in tender sentiment, frequently with romping humor and at times with a fantastic introduction of the supernatural. This last is represented by several allegorical figures. One is the same sordid Troll King, or king goblin, a sort of fairy Mephistopheles, who teaches, "To thyself be enough," that is, realize yourself by the utter satisfaction of your own will, a selfish, self-centered point of view which Peer has unknowingly assumed. The other is the spirit of Final Accounting, or Angel of Death, who appears as a passenger aboard ship in a wild storm at sea and again as the Button Moulder with his ladle, who urges Peer to "be thyself, that is to learn his relation to the scheme of life, and to try to learn to do his duty instead of to merely gratify his will. Seats can be reserved by mail. Prices 50 cents to \$1.50.

Doan's Regulents cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and easy passage of the bowels. Ask your druggist for them. 25 cents a box.

A Prayer.

Let us congratulate each other upon seeing the dawn of this year also, and let us unitedly pray that we enter upon it, continue in it, and come to its close under the unfailing blessing of the Lord to whom all years belong.—Charles Haddon Spurgeon.

NIGHTS OF UNREST

No Sleep, No Rest, No Peace For the Sufferers From Kidney Troubles.

No peace for the kidney sufferer—Pain and distress from morn to night.

Get up with a lame back, Twinges of backache bother you all day.

Dull aching breaks your rest at night.

Urinary disorders add to your misery.

Get at the cause—cure the kidneys. Doan's Kidney Pills will work the cure.

They're for the kidneys only—W. G. Dodd, farmer, Cadiz, Ky., says: "My kidney trouble was brought on by a fall and I suffered from the complaint for over eight years. There were severe pains in the small of my back and if I attempted to stoop or lift, sharp twinges would dart through my body. I could not sleep well at night on account of the aching in my back and during the day was easily tired. My eyesight was blurred, I suffered from dizzy spells and also had headaches. Occasionally my kidneys would become disordered and at such times the secretions would be free in action. For three or four weeks prior to using Doan's Kidney pills, I had been unable to work. After taking a few doses of this remedy I was able to go to work and I am happy to state that I have not lost any time on account of my kidney trouble since."
